## **about the picture on the cover ..**

Many critical judges have expressed the opinion that the Marellbar cow herd is the greatest in North America. The picture shows a few of them. Most of these cows were imported and many were produced in the famous A. J. Marshall herd in Scotland. Every animal you buy at Marellbar is out of a truly great cow. There are no others.

The 1956 calf crop at Marellbar was a record of 66 calves born and living out of a possible 70 cows. Here are some of these sturdy, good-looking youngsters with a sample of their wonderful mothers in the background.

## Don't wait until you need a stock bull! The buyers of these bulls didn't.

To insure continued and future success in your cattle breeding program it is most important that you have at all times an additional herd bull that you can rely on. Don't wait until you "have to have one." That is a serious and often costly position to be in. Buyers from four states bought four of the bulls shown here in last year's Marellbar sale as herd bull insurance. From left to right — MARELLBAR DECORATION, bought by Fred Taylor, Como, Mississippi; HELMOR PURVIS 361, bought by Henry L. Dietz & Sons, Russell, Kansas; MARELLBAR PILATE, bought by Fred Taylor, Como, Mississippi; MARELLBAR PROSPECTUS, sold privately before the sale to Gilbert Kardel, Walcott, Iowa, Petkus, Capron, Illinois; MARELLBAR INFORMER, bought by Philip Sauer & Sons, Sanborn, North Dakota, the second Marellbar bull they have used in their herd. The Sauers are winners, for the last three years, of the grand championships over all breeds at the Valley City Winter Shows, the 1956 and 1957 champions sired by Marellbar Protector.

# Marellbar hangs out the Welcome Sign

Our annual auctions are always a special occasion, anticipated with pleasure and planned for many months ahead. This year, June 4th is a very special day because we are celebrating our 20th year in the Shorthorn business. We are very proud of Marellbar's ever-growing list of customers and friends. We hope all of you will be back with us this year to help celebrate our 20th Anniversary.

For this special day we are selling a number of cattle we had wished to keep. Another reason for our most outstanding offering is that we are having to vacate 80 acres of our farm for the new Tri-State Toll Road right away, which means reduced operations. I am very enthusiastic about our sale cattle all the way through. With a few exceptions I think it would be difficult to put together a better lot of breeding cattle.

Included in our own 41 lots are six head from the Kenneth Gray herd of Ontario which we bought in its entirety last May. Our aim is to sell **breeding** cattle because we believe that is what makes satisfied customers. All are in practical breeding condition, not overly fitted, and will do well for their new owners.

The breeding record of the Marellbar cow herd, the famous bulls that have carved outstanding records, their breeding, pedigrees from the best herds in America and Scotland, and above all their productions, have been a great source of pride, pleasure and profit over the last 20 years. Since our first auction in 1942 we have sold improvers amounting to \$700,000 through our annual sales at Marellbar, skipping 1943, 1948, 1950 and 1951. Our cattle have been distributed all over the United States and Canada.

Am certain our cattle this year are up to the usual high standards of previous successful sales. A few young imported cows are selling and a number have three or four generations of Marellbar breeding from families that have proved their value over a period of years.

We are happy to have with us again our old friends and consignors, Mr. and Mrs. Stanley Harris, Mr. and Mrs. Charles Butland and Robert Macfarlane, with small but very select groups from each herd.

Your presence will be much appreciated on Sunday, June 2nd, as well as Tuesday, June 4th.

*John Blume, Manager*

Two of the **"QUEENS OF MARELLBAR"** . . . Marellbar Beauty 9th and the 1954 International reserve grand champion Marellbar Rosewood. The former is out of the same dam as Lot 44. The latter is the dam of Lot 29.

## twenty years of progress . . .

"Pull no punches . . . let down the bars . . . fill the 1957 sale full of the very best that Marellbar can provide." These were the instructions from the owner in preparing for the Twentieth Anniversary of the founding of one of the greatest herds of the breed. Manager John Blume has obeyed the instructions and his guest consignors have followed suit with the result that the strongest offering in the history of this annual sale will greet prospective buyers on June 4.

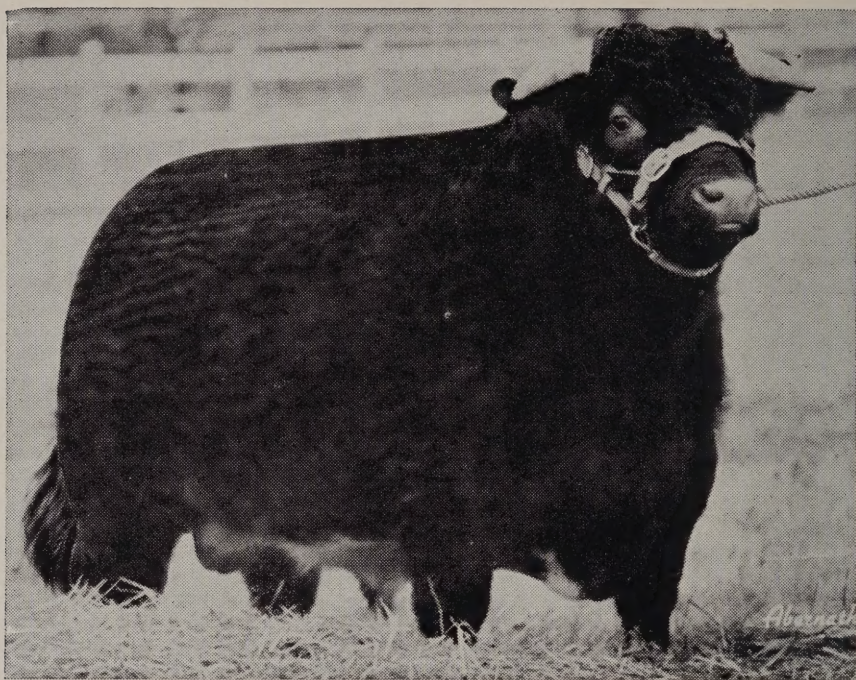

In many herds where improvement has been slow, a twentieth anniversary means little more than the first. Not so in this case. These have been twenty years of progress at Marellbar . . . twenty years of weeding and culling, with one famous sire following another, until today's Marellbar productions are a close approach to perfection.

The term constructive breeder is used too loosely in purebred writings. In my mind it can only apply to those who, through years of planning, have been successful in bringing to a minimum the element of chance in their productions. Marellbar has met such a test. Marellbar productions are at work in hundreds of herds throughout all of North America and the owners are quick to admit that they have performed to perfection.

This is a sale for those who care. This is a sale that is made to order for those who are willing to pay a little more to get a lot more. And if you buy in this sale you may rest assured that the whole world will approve your choice.

*Hal Longley*  
of The Shorthorn World

**Cruggleton Leishman** was Reserve Supreme Champion at Perth, Scotland, in 1952 and was bought there for 3,000 guineas. He has done a great job of following all the other famous bulls that have made Marellbar Farms one of the best known names in purebred Shorthorns throughout the world. The show record of his calves leaves no doubt that he is one of the best Shorthorn bulls in America. His get and service are represented in this sale. His sire is Erimus Donald by Kirkton Challenger by Kirkton Baronet. His dam, Lavender Electra, is one of the great Shorthorn females of all time, she by Cruggleton Annexe by Cruggleton Brunel.

**Phopachy King Charles** was bought at Perth in 1954 and is siring great calves at Marellbar. Eight daughters and three sons sell in this sale. His sire is Phopachy Great Event by Kirkton Eventide by Naemoor Marshall. His dam is Augusta Linda by Kirkton Baronet by Lawton Field Marshall. His great granddam is by Lawton Field Marshall, sire of Kirkton Baronet — a great concentration of improving potency.

**Kair Ranger** is the latest addition to the Marellbar herd bull staff. John Blume describes him as having the best set of legs and hide he ever saw on a herd bull. He was purchased privately in Scotland after being Supreme Champion in 1956 as Aberdeen, Turiff and Fettercairn. He is by the famous Calrossie Crocus Count, whose prowess as a sire of champions at Perth is a matter of international acclaim. Six beautiful heifers in this sale carry his service, others sell with breeding privilege to him.

### **Top daughters of Calrossie Highland Chieftain**

Two of these beautiful daughters of Calrossie Highland Chieftain sold in the 1956 Marelbar sale. They are left to right: Kickapoo Secret Ray 4th, Kickapoo Lavender A, Kickapoo Orange Mary, bought by the Michigan State University, E. Lansing; Kickapoo Orange Belle 2d, and Kickapoo Broadhooks 5th, bought by Golden Oaks Farms, Wauconda, Illinois. These are typical of the females that are being put back into the Kickapoo herd for future mothers of Kickapoo's productions.

**Calrossie Highland Chieftain** was top-selling Calrossie bull at the 1953 Perth sale and was purchased there by Kickapoo Farm. His calves at the 1955 International won first in senior get of sire, first in junior get, second in three bulls and second in pair of yearlings, and a son won the reserve grand championship. For the last two years his sons have won first in large senior bull calf classes. At the 1956 International Congress sale his daughters were champion and reserve champion females.

**Bapton Majestic** is the newest addition to the Kickapoo herd bull battery. He is a three-fourths brother to Bapton Aurora, sire of the 1957 Perth Supreme Champion, Bapton Controller. He is by Kirkton Hercules by the noted Kirkton Baronet. His dam is Lentrana Augusta Shirley by Uppermill Resource and out of Beaufort Augusta 3d, dam of Bapton Aurora. He is shown here in an unretouched snapshot.

## *Herd bull at Spring Willows Farms*

Left: **Ballathie Heir** is junior herd bull at Spring Willows. His sire is Kirkton Heir by the noted Kirkton Baronet. His dam, Ballathie Dorothea, by Larbert Control by Pittodrie Banker, was bought in the 1952 Campbell Farms sale at Mofat, Ontario, with Ballathie Heir at her side. Spring Willows sell a bull and a female by him in this sale.

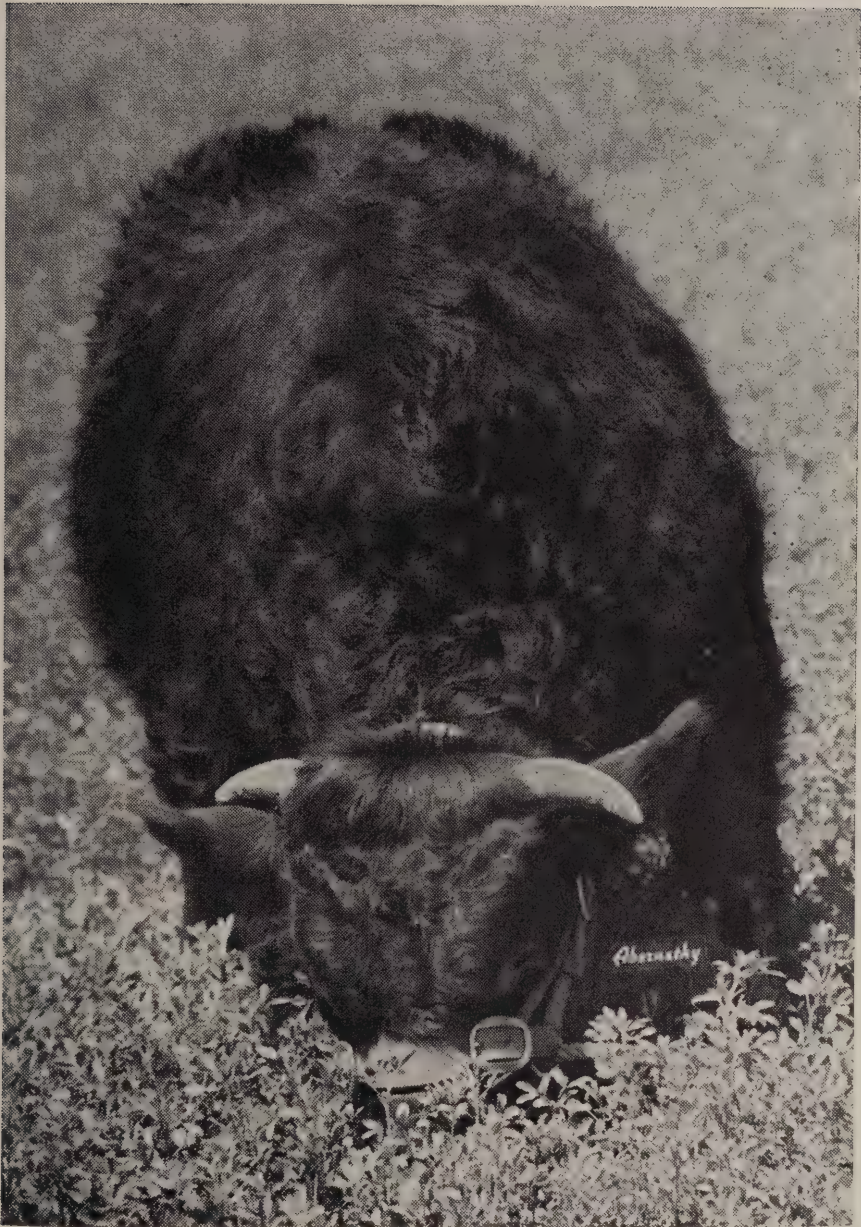

## *Herd bulls at Comrie Farms*

The story of Cruggleton Purvis and his calves is one of the great chapters in the history of Marellbar sales. He topped the 1953 Marellbar sale at \$22,500 and in the same sale three sons averaged \$3,600 and three daughters, \$2,380. In the June 1954 sale, six sons and daughters averaged \$2,675 and included the top selling bull at \$5,000, Marellbar Protector, that sired the grand champions over all breeds at the 1956 and 1957 Valley City Winter Fairs for his owners, Philip Sauer & Sons. A daughter in that same 1954 sale brought \$4,600. In June 1955, Marellbar Purvis, another son, sold for \$10,000, to Robert Macfarlane, and was the highest selling Shorthorn bull at auction in North America for that year. Last year, Helmor Purvis 361, another son of Cruggleton Purvis, topped the bulls in the Marellbar Sale at \$3,000. Marellbar Purvis' first calf to be sold in the Marellbar Sales was a daughter that brought \$1,550 from Vaughn Moore of Lenox, Iowa, in the 1956 sale, the only calf by him selling. This year, a son and six daughters sell.

Right: **Killearn Max Senator** was the \$10,000 top of the 1950 Killearn Farms sale, bought by Robert Macfarlane, owner of Comrie Farms, and George & Eldon McLachlan, Evart, Mich. His first few calves have returned his purchase price. Invariably his get are top-winners and top-sellers. He is grandsire of two of the Comrie Farm's consignment.

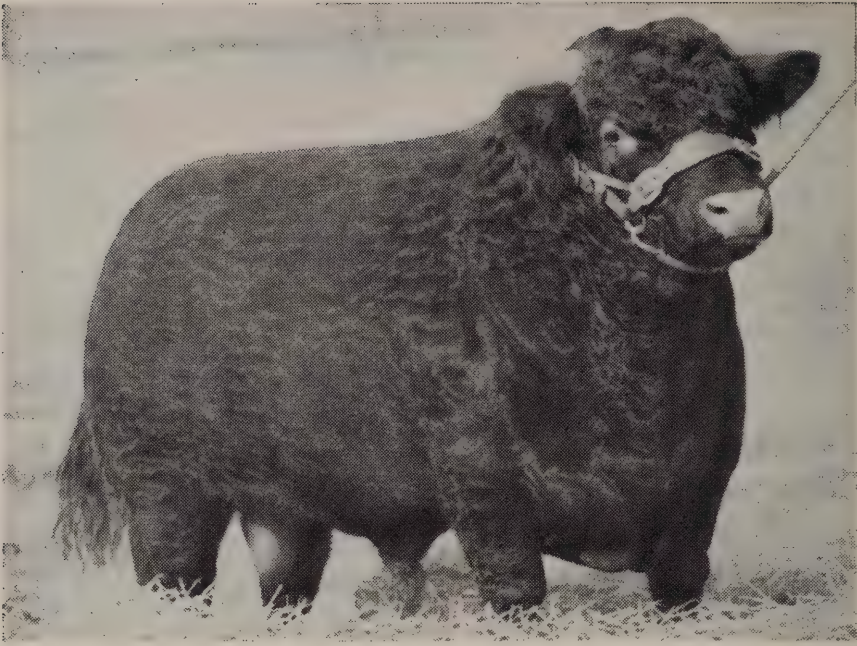

This is Marellbar Purvis as a calf when he was pictured as a model type in the special Herd Bull Number (August 15, 1954) issue of *The Shorthorn World*. This un-retouched picture shows his thick, level, smooth form and depth from end to end. See his formal photo above Lot 11. He's a grand bull any way you look at him. A son and six daughters sell. He sold in our 1955 Sale at \$10,000 to Robert Macfarlane, Grand Rapids, Mich., and was top bull of the breed that year at auction.

**KINELLAR METAPHOR, Lot 1.**

## *Some things you should know about Kinellar Metaphor (Lot 1)*

After serious consideration we made a last minute decision to offer Kinellar Metaphor at auction — a tough decision indeed! This you will appreciate when you see his calves. You can buy this bull with the assurance of getting a sire that is proven. We have eliminated the gamble. It is very doubtful if a more valuable young sire has been offered at auction in recent years.

Kinellar Metaphor's first calves came in January. Several bred heifers were sold in our 1956 sale, and reports from our customers are that they are highly pleased with the calves. His sire, Gallant Marshal, made an enviable record for the Campbells at Kinellar when his first two crops of bull calves were sold at Perth in 1956 and 1957. They won the top honors and the top prices. The Campbells also had the tremendous satisfaction of seeing their bulls go to the best herds in Great Britain and North and South America. Kinellar Metaphor was purchased privately in October 1955. He was the first son of Gallant Marshal to be sold and the first to come to America. His dam, Kinellar Mabel 8th, is one of the best in the Kinellar herd, from the famous breeding family developed at Garguston. His breeding is backed by several record making sires including a double cross of Cruggleton Perfect.

On my first inspection of the Gallant Marshal calves in October 1955, I was so impressed that I made the prediction they would be among the top bulls at Perth in 1956. It has given me satisfaction to know my estimate was most conservative. At the 1956 Perth sale nine sons of Gallant Marshal averaged \$8,733.00 (2,911 lbs.). They won all the group prizes as well as the Reserve Junior Championship and Reserve Supreme Championship. The top-selling bull was Kinellar Napoleon, bought by Acadia Farms, Northfield, Ohio, at \$25,500. — JOHN BLUME.

***U-Drive Protector 8th by Marellbar Protector  
— Grand Champion Over All Breeds —  
1957 Valley City Winter Fair***

The best advertisement that can be written for any herd is the record its productions make for other breeders.

Philip Sauer & Sons, Sanborn, North Dakota, bought Marellbar Protector at the top of the 1954 Marellbar sale. Last year in the strongest Valley City Winter Fair to that date, a daughter of Marellbar Protector — U-Drive Concern — with son David on the lead strap, was made Supreme Champion over all breeds, and Marellbar Protector calves won the Shorthorn bull reserve championship, the grand championship of the sale bulls, and were second in pair of bulls. The dam of U-Drive Concern was a daughter of Marellbar Mandate.

This year Philip Sauer & Sons won the grand championship over all breeds for the third successive year at the Valley City Winter Fair with the great son of Marellbar Protector shown above — U-Drive Protector 8th — with Dale on the lead strap, and Philip Sauer on the left. This is just one of many chapters of the success of Marellbar bulls in other herds.

**Marellbar Endorser** is bred for performance. Just a May calf but of the same type and fleshing qualities as his sire, Phopachy King Charles. His dam, by Cruggleton Purvis, and his granddam by Cruggleton Allardice, are both beautiful red cows, the type and kind anyone would be proud to own.

**Marellbar Rosewood** by Cruggleton Leishman was reserve grand champion at the 1954 International and 1955 Denver National Western Show. Lot 6 is from her dam.

**Marellbar Resistance** has a great future as a stock bull. By Phopachy King Charles. His dam, Rosewood Belle, is a great breeding cow. She produced Marellbar Prefix, sold to Gilbert Kardel at \$3,750, and Marellbar Rosewood, Reserve Grand Champion at the International. Marellbar Rosewood's first calf was first prize junior heifer calf at the National Western and second at the 1956 International, and she also sells in this sale as Lot 29. A full brother was bought this year by E. L. Coe, Jelym, Wyoming.

This good, trim, red steer was champion Short-Shorthorn of the junior show at the 1956 International and first prize summer yearling in the open steer show for David Cox, Wyoming, Ill., at the halter. The steer was a member of the champion county group of three from Illinois, and the reserve champion of all county groups. **Kickapoo Honor Chief** — First prize senior bull calf at the 1956 International, the second year that sons of Calrossie Highland Chieftain have won this honor. In 1955 two sons stood first and second in the senior calf class. The bloodlines of Kickapoo Honor Chief confirm his right to be a winner. Lawton Field Marshal, the sire of Kirkton Baronet, not only appears once in his pedigree, but if extended two generations, would also appear four times. Kirkton Baronet would appear three times. Such a concentration of blood, including other great bulls such as Glastullich Fortress, Calrossie Randolph and Cruggleton Perfect, certainly should transmit and stabilize a type pattern in any herd especially one with a mixture of bloodlines. Honor Chief has a great head, very strong bone, and is a well covered, thick-fleshed bull.

**Scotsdale Clipper Konnie**, another beautiful daughter of King Charles, is a wonderful heifer with a perfect pedigree and safe in calf to a great bull. Her dam is out of a full sister to the dam of Marellbar Clipper Rita 11th, Lot 18. Marellbar Clipper Rita 7th sold to S. G. Bennett of Scotsdale Farms, in June 1954 for \$2,500. Clipper Konnie was purchased in the 1956 Toronto Royal Sale. She was mated to Kair Ranger on December 20 at the quarantine station and will be one of the first to calve to Kair Ranger.

These promising young Marellbar bulls model their beefy characteristics for a group of prospective buyers.

AMERICA'S STRONGHOLD OF THE BREED

An advance inspection of the breeding herd is important to the careful buyer. Scores of guests follow the practice of arriving early for a leisurely study of the Marellbar herd and other Chicagoland herds located nearby. We urge you to follow this example and we especially want you to be with us at Marellbar on Sunday afternoon, June 2, for our annual informal get-together.

**Marellbar Lancaster 14th** — We haven't sold a more valuable heifer in twenty years. She will make a great junior yearling for this year's shows. You are not guessing on a heifer like this. She is typical of her dam, Marellbar Lancaster 5th, a prominent winner in the big shows as a calf and as a yearling, and equally as popular as are all the Lancasters at Marellbar. They all came from the same foundation cow, Beaufort Lancaster 27th. By Marellbar Purvis, Reserve Junior and Reserve Grand Champion at the 1955 Denver National Western. **Marellbar Clipper Maid 11th** is a beautiful heifer, famously bred. By Marellbar Purvis, the \$10,000 son of Cruggleton Purvis, owned by Robert Macfarlane, Grand Rapids, Mich., who offers a bull and two heifers by the same sire in this sale. Her dam is by Edellyn's famous Beaufort Bulldozer. Her granddam, Beaufort Clipper Maid 22d by Millhills Arthur, is the dam of Marellbar Clipper Maid 10th, Lot 20. Beaufort Clipper Maid 25th by Beaufort Bulldozer, produced the top-selling bull for Beaufort at 4000 guineas at this year's Perth sale. She is bred identically to Marellbar Clipper Maid 6th. This Clipper family has proved equally as valuable at Marellbar as at Beaufort. Sells with breeding privilege to Kair Ranger.

This impressive foursome by Cruggleton Purvis were first in the senior get-of-sire at the 1954 Wisconsin State Fair and second at the Illinois State Fair for Marellbar Farms. Three of them were in the second prize Breeders Herd at the 1954 Toronto Royal Winter Fair. They are, left to right, Marellbar Beauty 9th, Marellbar Lancaster 7th, Marellbar Princess 17th, and Marellbar Purvis, sire of Lot 33.

# ***We Are Celebrating Our 20th Anniversary***

## ***By Selling Our Best***

To insure continued and future success in your cattle breeding program it is most important that you at all times have an additional herd bull that you can rely on. Don't wait until you are forced to buy one in a hurry. This is a serious and often costly position in which to find yourself. Some of the greatest bulls of the breed have been used in the Marellbar herd:

Klaymor Footprint, Marellbar Mandate, Beaufort Bonspiel, Cruggleton Allardice, Cruggleton Purvis, Cruggleton Leishman, Phopachy King Charles, Kinellar Metaphor, and Kair Ranger.

With the exception of the last two named sires which are recent additions, each of them has carved a record for himself and has proved of inestimable value to Marellbar and to the Shorthorn breed.

**Marellbar Lancaster 17th** by Tolquhon Royalty is one of the youngest calves in this sale, a grand calf from a famous family. She is from our most valuable producing Lancaster family. Her dam, a full sister to George Struve's Marellbar Dupli-cator, had a first calf sell in our sale last year, the youngest heifer in the sale, at the second top female price of \$1,550, going to Vaughn Moore, Lenox, Iowa.

Marellbar Lancaster by Millhills Arthur was the first Lancaster produced at Marellbar Farms and the start of a great family.

### *What is a good breeding cow worth ?*

Beaufort Lancaster 27th was purchased in the Beaufort sale October 1945 at a cost of \$2,250. She had Beaufort Banner Bearer at side. She produced two daughters — Marellbar Lancaster by Millhills Arthur — grand champion at the 1947 Fort Worth show and the first of the Lancasters produced at Marellbar — and Marellbar Lancaster 2d by Marellbar Mandate.

In the past 10 years we have sold \$15,000 worth of their productions. There are three from this family in this sale, Lot 2, Marellbar Revolution, out of Marellbar Lancaster 3d; Lot 31, Marellbar Lancaster 14th, a daughter of Marellbar Lancaster 5th, and Lot 52, Marellbar Lancaster 17th, a daughter of Marellbar Lancaster 9th.

We have seven Lancaster cows in our herd and they all have calves. At a conservative estimate we think they are easily worth \$10,000. This would be a total worth of \$25,000 from an investment of \$2,250 ten years ago. All that have been shown have won the highest honors at the leading shows and have also produced prize winners. Among the sons in this Lancaster family have been Marellbar Broadway, stock bull for G. L. Saxton & Son, Benton, Miss. . . . the \$5,000 Marellbar Prediction . . . and George Struve & Sons' great breeding bull, Marellbar Duplicator.
